*Udder Delights - Habndorf*

To Eat 

## UDDER DELIGHTS

From Blue Cheese to Brie, Chevre to Camembert, Udder Delights is passionate about making, sharing and eating cheese. Their handmade artisan products are lovingly created at their cheese factory in Lobethal, in the beautiful Adelaide Hills. Working with South Australian dairies, from the Hills to the Fleurieu Peninsula, they value their relationships with local producers.

They would love for you to join them at their Hahndorf-based cheese cellar for breakfast, lunch or a snack. How does a truffled cheddar toastie or Ploughman's board sound? Even more decadent is their cellar speciality, cheese fondue — their take on the Swiss classic.
