To Eat Sicily Mare Pizzeria

.....

The increasingly popular seaside town of Aldinga now hosts an authentic pizzeria on the Esplanade. Painted and decked out in the colours of the Mediterranean you feel like you are on European getaway. An outdoor fresco area spills out onto the sidewalk during the warmer months where you look out to the sea (Mare). The menu rivals our other local favourite pizza joint, Pizzateca. Sicily Mare's homemade gelati and local seafood inspired entrées are also a real treat.

Take away or dine in options are available.

.....

Ginny Pig gins are handcrafted using traditional distilling techniques, small batch production and highest quality botanicals. Their gins are inspired by the seasons and happy memories of family and friends -everything they do is produced by hand and made with love.

Taste their award-winning artisan gins paired with garnish and tonic and you can also take the option of upgrading your flight by pairing it with delicious local artisan cheeses.

Their Cellar Door is located within the McLaren Vale and Fleurieu Coast Visitor Centre, the gateway to the Fleurieu Peninsula.

To Explore Deep Creek Eagle Waterhole Campground

There are five campgrounds at Deep Creek conservation park and the Eagle Waterhole is the only one that is for hikers only. The Eagle Waterhole has been recently refurbished with a functional shelter and camping platforms.

There are two ways to access the campsite - from the Trig Campsite car park or from Cobblers Hill, which is the shortest way. From Trig - the distance is 5.05km, from Cobblers it is 2.09km.

The walk is part of the Heysen Trail, so you can expect to find hikers traversing this part of Deep Creek, but for many hikers, Eagle Waterhole is a short stroll for the day giving you plenty of time to enjoy your bush surroundings. There is plenty of shade for those hotter days.

Bookings are still essential so jump on to the website and get your hiking boots on >
